Port Facilities - United Arab Emirates

Port name:	Al Hamriyah		
Port facility name:	Hamriyah Port		
IMO port facility number:	AEHAM-0001	Latitude:	25° 28.4' N Longitude: 55° 28.8' E
Description:	Located some 15 kms from Sharjah's city centre and 30 kms from Dubai, Hamriyah Port has been designed to benefit from not only a deep water access point but also from easy access to the UAE's super highway network that links all seven Emirates as well as providing connections to neighbouring Gulf States. The most important cargo handled in this port is LPG, oil and grain and other General Cargoes. Hamriyah Port is able to accommodate very large and deep drafted vessels where the length of jetties is 1145 meters with depth 14 meters. The Port currently has one LPG berth, one general oil products berth and four general cargo berth/grain berth. Primarily designed for handling grains, these berths and quays are being upgraded and the port is now capable of handling many other cargoes. Active steps are being taken to increase the length of the general cargo berth and to generally upgrade handling activities.

Port name: Khor al Fakkan

Port facility name: Khorfakkan Port

IMO port facility number: AEKLF-0001 Latitude: 25° 21' N Longitude: 56° 22' E

Description:

Port Facilities - United Arab Emirates

Located on the UAE's eastern seaboard, Khorfakkan is the only natural deep water harbour in the Gulf region and being outside the sensitive "Straits of Hourmuz" has gained in popularity with many major container operators. This five berth facility with a total quay length 1495 meters is served by 14 Gantry cranes as well as a multitude of shore based handling equipment ensuring rapid vessel turnarounds to time sensitive line operators.

Port name: Sharjah

Port facility name: Port Khalid

IMO port facility number: AESHJ-0001 Latitude: 25° 2' N Longitude: 55° 22' E

Description:

Port Facilities - United Arab Emirates

Located in the heart of Sharjah city, Port Khalid is a purpose built facility consisting of 21 berths plus two oil berths able to handle a variety of shipping services and is linked to the rest of the Emirates by several multi lane super highway. The port handles a wide variety of tonnage ranging from tankers, container vessels, Ro-Ro ships, pure car carriers, reffers ships, passenger ships, heavy lift ships; jack up rigs, bulk carriers and a multitude of smaller vessels such as coaster, supply boats, tugs, barges and crew boats. Port Khalid is one of the easiest ports to enter in the Gulf with only a short approach channel.
